TESTIMONIAL FOR PEOPLEPLUS PAYROLL SYSTEM

We have been using the Peopleplus payroll system for many years. As with all computer systems it takes time and effort to setup your company specifics and to capture all your employees' details and their payroll details. Once the original setup is done the system is relatively easy to use.

The most important advantage for me is that you do not have to worry about keeping abreast of the annual changes made by SARS with regards employee tax, and you do not have to worry that you are responsible for paying too much or too little tax on behalf of your staff.

If you are unsure of any information that needs to be captured and how to capture it the staff are knowledgeable and answer queries speedily.

If you have any other queries about the system you are welcome to contact me by e-mail:
admin@easternvet.co.za.

Yours faithfully

Sr Colleen Christie
